#### DOCTOR WINS RM11.77MIL TOTO JACKPOT

A general practitioner (GP) from Penang won a whopping RM11.77 million from the RM12 million Toto 4D Jackpot 1 on 29 March 2025 after celebrating his wedding anniversary.

The 53-year-old winner told STM Lottery Sdn. Bhd. that his pair of winning numbers – “4486 & 5704” was derived from a candle light dinner's receipt number when he celebrated the wedding anniversary with his wife.

"These pretty numbers caught my attention after I paid my bill for our candle light dinner.

"I truly understand now why the Cantonese has a saying that if you love your wife, you will become rich," he said.

The winner came to collect the winnings with his wife and thanked STM Lottery for gifting them a wonderful anniversary present.

He bought a System 3 ticket which won him RM11,768,682.70 and another RM336 as System Play bonus.

He said he would share the winnings with his siblings and save the balance for his children's future expenses.

The remaining jackpot totaling RM219,975.30 was won by an i-System winner from Sarawak.
